**Love My
Baby Lock Serger**

Instructor: Sue Green-Baker

CLASS POLICY:

It is advisable to sign up for classes at least 1 week before the class date.

We reserve the right to cancel any class due to insufficient amount of sign-ups. If we cancel a class, you will receive a refund or transfer to another class.

If you need to cancel: As a courtesy to our teachers and students on the waiting list, we have a 7 working days cancellation policy. Refunds/Credits cannot be issued for cancellations less than 7 working days.

Please be on time. We operate on a time schedule and in a classroom environment. This class starts promptly at the scheduled time. Please arrive at least 10 minutes early to unpack and set-up your work space.

There will only be Baby Lock "air threading" sergers in this class. The "air-threading system" is unique to Baby Lock. If your Baby Lock serger is not an "air-threader" you can enroll in the Sergernomics-1 class. Once you have completed this class, you can enroll in Sergernomics 2 & 3 with all other brands of sergers. In the first workshop, you will learn how to thread your machine from scratch and see and correct the most common threading problems. Learn how to adjust your tension settings for any fabric or technique! Adjust your stitch width, stitch length and differential feed settings. Learn why and when to make these adjustments. See how to sew an exact 5/8" seam allowance with a serger. You will see how to understand the differences in serger threads and how to know what size and type of needle to use. We will cover all the "tools" that came with your serger as well as go over the basics of how to clean and oil your machine. This is a 3 part "hands-on" series. Students must take Part 1 before taking either Part 2 or 3. Each workshop in this series is a complete Class. Taking Sergernomics Parts 2 & 3 are optional.

We operate on a time schedule and in a classroom environment. This class starts promptly at 10:30 AM. Please arrive 10 minutes early to unpack and set-up your work space. If you cannot arrive at class on time---you will be required to re-register for the class at a future date. Lateness disrupts the class program and it is unfair to on-time students and instructor to stop the class to accommodate you.

No late arrival exceptions will be allowed.
